WHY THIS PATHWAY CAN MAKE SENSE

START WITH A FOCUSED PROGRAM

The Shampoo Stylist Program gives students a shorter first step into beauty education while developing foundational salon skills, sanitation, client service and professionalism.

WORK TOWARD LICENSURE

After completing the required program hours, students prepare for Kentucky licensing requirements and examinations for the Shampoo Stylist license.

BEGIN BUILDING YOUR PROFESSIONAL FOUNDATION

Once licensed, a Shampoo Stylist can begin gaining salon experience, confidence and client relationships within the scope of that license.

KEEP MOVING TOWARD COSMETOLOGY

Students who continue into CEA's 1,500-hour Cosmetology Program can apply their 300 Shampoo Stylist hours toward the full program, leaving 1,200 additional cosmetology hours to complete.

START SMALLER. DREAM BIGGER. KEEP GOING.

Maybe cosmetology is already your ultimate goal. The Shampoo Stylist Program gives you another way to begin - one step, one license and one level of experience at a time.
